## Product Bulletin

### **CX Now Standard with Intelli-Charge Diagnostics**

Chloride is proud to announce that the Made in the USA CX series die cast exit is now being released with our Intelli-charge diagnostics platform as a standard feature. The following list highlights a few of the exceptional features now available:

- ◆ AC-only or self-powered models
- ◆ Standard self diagnostics (self-powered models)
- ◆ Optional self-testing to satisfy monthly test requirements
- ◆ 10-year designed service life
- ◆ Batteries compliant with IEC 61951-1 life testing
- ◆ Red or Green LED illumination in excess of 79 cd/m<sup>2</sup> average
- ◆ Single or double face (including canopy) configurations
- ◆ UL damp location listing optional 32°F (0°C) to 104°F (40°C)
- ◆ Optional Intelli-Charge IR remote test device

As more attention is paid to “Made in America” products, Chloride is proud to keep a functional die cast offering available for you to meet the market needs. Combined with Intelli-Charge, not only can you meet the specification requirements against your competition, you can actually write specifications that these other products cannot meet.

As always, should you have questions or concerns regarding this matter, do not hesitate to contact us directly. Thank you for your continued support!
